

• What is Friends of Blue Sky Canyon?

Friends of Blue Sky Canyon is a nonprofit public benefit corporation which was founded by an informal citizens' group to preserve and protect Blue Sky Ecological Reserve in Poway. It is funded 100% by donations and membership support.

• Who Manages the Reserve?

The Reserve is jointly owned by the California Department of Fish and Wildlife, the San Diego County Department of Parks and Recreation, and the City of Poway. The City of Poway oversees the day-to-day management of the Reserve, and its many dedicated volunteers.

• What does Friends of Blue Sky Canyon do?

Friends promotes educational and interpretive activities at the Reserve by supporting the City of Poway in the purchase of items needed for various nature programs. Interpretive signage, taxidermy displays, science displays, the Girl Scout Patch Program, and habitat restoration are a few examples of how Friends supports Blue Sky Ecological Reserve.

• What makes Blue Sky Canyon special?

Rarely does one find a tranquil, natural place so close to an urban setting, with easy access for hikers, school groups, nature enthusiasts, joggers, scout groups, and researchers. As visitors travel through the four distinct habitats—coastal sage scrub, riparian, oak woodland, and chaparral—they may see deer, coyote, bobcats or other animals, nearly 60 species of birds, and 400 species of plants!

Frequent visitors marvel at the special wonders each season brings.
